

## WRITING ASSESSMENT

Write your final composition here.

The later daily schedule for the high schools in this area is a good idea. One reason for the later daily high school schedule is that a student who does not get to eat breakfast at home is now able to. Another reason for the change in daily high school schedules is that in the winter time, can be allowed for a late night snow to melt. A final reason to change high school schedule to later times is that students would get home, if they drive, at about the same time their parents would. A later daily schedule for high schools in this area would be beneficial.

Score Point: 2

This response is considered flawed. A low degree of proficiency in persuasive writing skills is reflected. A clear position is taken in favor of changing the school schedule. Coherent key ideas to support this position are cited (eating breakfast at home, allowing time for snow to melt, and students getting home at the same time as their parents). The writer provides a conclusion. However, development of the key ideas is minimal.
